

BLOOD AND IMMUNITY (BLIM1041)-Academic Year 2023/24

Coordinating Department: **Microbiology, Immunology & Parasitology**

Coordinator: **Habtamu Biazin**

Email: habtamu.biazin@aaau.edu.et

Cell phone: +251 910446421

No	Date	Time	Topics	Instructors
1	18/09/2023	09:00-12:20 AM	Blood, lymph, hematopoiesis (Anatomy)	Dr Solomon
2	19/09/2023	09:00-12:20 AM	Immune system & Lymphoid organs; Blood cells and their development (Anatomy)	Dr Solomon
3	20/09/2023	09:00-12:20 AM	Components, Characteristics, & Functions of Blood types, hemostasis (Physiology)	Hana Derseh
4	21/09/2023	09:00-12:20 AM	Heme& iron metabolism; plasma proteins & blood buffer system (Biochem)	Dr. Solomon Tebeje
5	22/09/2023	09:00-12:20 AM	Blood disorders: anemia, sickle cell disease, bleeding disorders (hemophilia, blood clots) (Patho)	Dr. Rahell Hailu
7	25/09/2023	09:00-12:20 AM	Myeloproliferative disorders: PV, Essential thrombocytosis, Primary or idiopathic myelofibrosis, CML) (Patho)	Dr. Rahell Hailu
8	26/09/2023	09:00-12:20 AM	Coagulants, anticoagulants &Antianaemic drugs (Pharma)	Mr. Hailemeskel
9	29/09/2023	09:00-12:20 AM	Quiz-1	
10	2/10/2023	09:00-12:20 AM	Introduction to the immune system; Innate immunity (DMIP)	Dr. Adane
11	3/10/2023	09:00-09:45 AM	Antigen capture and presentation to lymphocytes (DMIP)	Dr. Adane
12	4/10/2023	09:00-12:20 AM	Antigen recognition in the adaptive immune system (DMIP)	Dr. Adane
13	5/10/2023	09:00-12:20 AM	Cell mediate immune response; Effector mechanisms of CMI (DMIP)	Dr. Adane
14	6/10/2023	09:00-12:20 AM	Humoral immune responses; Effector mechanisms humoral immunity(DMIP)	Dr. Tamrat
15	9/10/2023	09:00-09:45 AM	Immunity to infections (viral, bacterial, fungal, protozoal & helminthes) (DMIP)	Dr. Tamrat
16	10/10/2023	09:00-12:20 AM	Quiz-2	
17	11/10/2023	09:00-12:20 AM	Immune response against transplants (DMIP)	Dr. Tamrat
18	12/10/2023	09:00-12:20 AM	Cancer immunology, Immunoprophylaxis (Vaccines) &Immunotherapy and (DMIP)	Dr. Tamrat
19	13/10/2023	09:00-12:20 AM	Hypersensitivity, Immunodeficiency and Autoimmunity (Patho)	Dr. Yonas Bekurtsion
20	16/10/2023	09:00-12:20 AM	Hematopathology: Haematological malignancies: Leukemias, Lymphomas, Myelomas(Patho)	Dr. Rahell Hailu
21	20/10/2023	09:00-12:20 AM	Final examination	

Practical/demonstrations/Seminar (01:30- 05:00 PM)

week	Day	Histology	Physiology	Clinical attachment	Remark
1 st	Monday				Clinical attachment could be on anemia, blood group determination, MPD, Leukemia etc.
	Tuesday				
	Wednesday				
	Thursday				
	Friday	G1/G2	G3/G4		
2 nd	Monday	G3/G4	G1/G2		
	Tuesday			G1	
	Wednesday			G2	
	Thursday		G1/G2	G4	
	Friday			G3	
3 rd	Monday	G1/G2	G3/G4		
	Tuesday	G3/G4		G3	
	Wednesday			G1	
	Thursday		G1/G2	G4	
	Friday			G2	

of students per group is ---

Practical

Topic/subject	Venue	Department
Blood cells, lymph node, spleen, hematopoiesis	Teaching lab	Anatomy, Histology and Embryology
Anticoagulant	Teaching lab	Physiology
Blood Physiology	Teaching lab	Pharmacology
PBMC isolation, counting , demonstration of Flow cytometry	Teaching lab/Diagnostic	Microbiology

Independent reading (42 hrs. /7 hrs. for each series)

No	Topic/subject	Department
1	The lymphatic system anatomy	Anatomy, Histology and Embryology
2	Leukocyte Migration and Inflammation, Cytokines, Signaling pathways, Pathogen Associated Molecular Patterns (PAMP), Danger associated Molecular Patterns (DAMPs), Pathogen recognition receptors (PRRs), Immunological tolerance	Microbiology
