

Israeli Innovation Delegation Participants

November 4-7, 2024

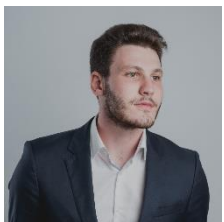

Hilly Hirt – Hilly Hirt is a seasoned expert in sustainable finance and impact investing with over 15 years of experience across emerging markets. She currently serves as Interim CEO at the Israeli Forum for Impact Economy, Israel's national partner to GSG IMPACT, a G7-led initiative chaired by Sir Ronald Cohen that catalyzes impact ecosystems. Previously, as Head of Impact Innovation at the Edmond de Rothschild Foundation (IL), Hilly managed million-dollar initiatives and developed innovative financial structures supporting leadership, entrepreneurship, capacity building, diversity, inclusion, and equity. Her career includes managing the \$40 million India-Israel Industrial R&D and Technological Innovation Fund (I4F) at the Israel Innovation Authority focused on water, agriculture, healthcare, energy, ICT, industry 4.0 and cyber collaboration between the countries. Hilly has advised on national policies for responsible banking, job creation and climate financing for low-income populations. She holds degrees in Political Science, Asian Studies, and Humanitarian Affairs from Tel Aviv University and La Sapienza University, Rome. Hilly is also a faculty member for Tel Aviv University's MBA programs.

Orit Solomonov-Nitzan – Managing Director and Head of the Innovation and R&D Incentive Center at EY Israel. Orit focuses on the fields of high-tech, ESG (Environmental, Social and Governance), biotech, and agricultural technology sectors. With an expertise in innovation and entrepreneurship, Orit also has vast experience in fundraising, leading a team of 10 expert advisors and raising more than 100 million shekels a year for Israeli companies. She is also an expert in market validation. Orit is skilled in establishing national innovation infrastructure, starting flagship programs, supporting fundraising and knowledge/training programs.

Asi Amar- Owner at Amare Diamonds, with backgrounds in the field of diamonds and investments. Asi focuses on identifying and guiding industrial initiatives that have international growth potential and the possibility of developing into a high-tech direction. Asi is also experienced on the funding side, with insight into attracting investments from US and other international sources. Asi splits his time between Israel and the United States.

Michael Peled - CEO of the ed-tech startup Singit, focusing on English learning through music. Michael is considered a trailblazer in the field of education-tech, and is a young serial entrepreneur with an inspiring story and experience in launching educational initiatives and establishing online training systems.
